

Come celebrate the Aquarian Minyan's Jubilee

# Seeding a Sacred Future

June 21-23, 2024

Join our community-wide celebration of 50 years of the Aquarian Minyan and Jewish Renewal, and envision how the seeds we have planted can germinate into a Sacred Future.

**Our world is in a challenging time of transformation.** Now more than ever we want to hasten the paradigm shift envisioned by Reb Zalman Schachter-Shalomi z"l – who sparked The Aquarian Minyan into being in 1974 during a month-long Kabbalah workshop - the awareness that each of us together, all of creation, is unified in Creator.

Please join us as we embark upon the next 50 years, pursuing the words of Rav Kook:  
**Renew the old and make holy the new.**
